

Snehin Adepu

A curious and driven engineering student and tech enthusiast with strong problem-solving, communication, and teamwork skills. Enjoys exploring new technologies, learning through hands-on experiences, and adapting quickly to challenges. Known for taking initiative, collaborating effectively, and approaching problems with a practical, growth-oriented mindset.

EDUCATION

B.TECH., COMPUTER SCIENCE ENGINEERING (AI & ML) | CGPA: 8.55 | 2023 - PRESENT

VNR VIGNANA JYOTHI INSTITUTE OF ENGINEERING & TECHNOLOGY, HYDERABAD

INTERMEDIATE | GRADUATED WITH 95.3% | JUNE 2021 — MAY 2023

SRI CHAITANYA JUNIOR COLLEGE, HYDERABAD

10TH GRADE | SECURED 89% | JUNE 2020 — MAY 2021

SURYA THE GLOBAL SCHOOL, HYDERABAD

TECHNICAL SKILLS

Languages: Java, Python, C, JavaScript

Web & Backend: FastAPI, Node.js, Express, React, Vite, TailwindCSS

Databases: PostgreSQL (Supabase), MySQL

Cloud & DevOps: Google Cloud Platform, AWS, Docker, Terraform, Git, GitHub, CI/CD

ML/AI: CNNs, XGBoost, Prompt Engineering, Model Benchmarking

Tools: Postman, Artillery, k6, Figma, Tableau

Core Concepts: Data Structures & Algorithms, OOP, REST APIs, System Design Basics

EXPERIENCE

AIML & Backend Intern — Loomylabs | May 2025 - Nov 2025

- Designed backend architecture and evaluated AI frameworks, cloud services, and tooling.
- Optimized LLM prompting pipelines, reducing inference costs by 70%+.
- Deployed and managed services on GCP with CI/CD, networking, and DNS setup.
- Designed efficient Supabase PostgreSQL schemas and optimized queries.
- Implemented AI cost-optimization strategies and performed load testing for 1000+ users.

AICTE Internship — AI Transformative Learning (TechSaksham) | June 2025 - Dec 2025

- Completed AICTE TechSaksham internship supported by Microsoft and SAP.
- Gained hands-on experience with AI fundamentals through structured learning and projects.
- Worked on practical assignments focused on real-world AI applications.

Project Intern — Alfago Research LLP (Price Feed Tracker)

- Built a pipeline to fetch OHLCV data every 5 minutes from market APIs.
- Stored and processed data in AWS using Parquet for efficient analytics.
- Implemented aggregation logic to support analytical queries.

ACADEMIC PROJECTS

Reliable SMTP Email System

- Built a full-stack SMTP email pipeline (Node.js, Express, Nodemailer, Supabase) with retry logic and delivery tracking.
- Developed a real-time React dashboard with email status polling and error metrics visualization.

Smart Irrigation System (IoT)

- Created an IoT-based irrigation controller using soil-moisture sensors to reduce water usage.
- Added real-time monitoring and automated control logic for optimized irrigation.

Historical Artifact Management System (SQL)

- Designed a 3NF relational database with ER diagrams, keys, indexes, and stored procedures for fast retrieval.

Uber Rides Analysis (ML)

- Analyzed Uber ride data and built fare-prediction models using feature-driven ML techniques.

ACHIEVEMENTS

Academic

Conference Paper Presentation - ICONFEST 2025

"Securing IoT Networks Using Hybrid Machine Learning Model Against DDoS Attacks"

- Presented a research paper at ICONFEST 2025 proposing a hybrid XGBoost-CNN IDS that achieved 99.03% DDoS detection accuracy with automated firewall-based mitigation for IoT networks.

Conference Paper Presentation - ICICA 2026

"Home Garden Irrigation Control System Employing Hexagonal Layout and Geometric-Depth Moisture Sensing"

- Presented a smart home garden irrigation system using hexagonal sensor layout and geometric-depth moisture sensing, reducing water consumption by ~57% through Arduino-based automated control.

Co-curricular

- **Startup Race (Second Place)** - Developed and pitched an innovative solution for smart electricity management and strategic EV charger deployment, outperforming numerous teams in a competitive setting.
- **Speaker - AI Tools Workshop, AI Week 2026**- Delivered a hands-on session on modern AI tools and practical workflows at VNRVJiet, engaging students with real-world AI use cases.
- **Open House 2K24, VNRVJiet** - Presented "Transforming Floral Waste into Valuable Products", proposing a sustainable approach to repurpose floral waste; received expert feedback to improve scalability and real-world impact.
- **Synergia 2025, BVRIT Hyderabad** - Participated in Bug Bounty and Blind UI/UX challenges, collaborating across multiple technical competitions.
- Finalist and award-winning participant in national-level hackathons, including HackWave (SNIST) and KRITHOATHON.

Extra-curricular

- **Blind UI/UX Challenge, Synergia 2025 (Second Place)** - Demonstrated exceptional speed, accuracy, and design precision in a rapid UI/UX memory replication challenge.
- **Telangana State-Level Roller Skating Championship (Second Place)** - Showcased discipline, resilience, and sustained competitive performance at the state level.

LEADERSHIP & ACTIVITIES

Design Lead - Krithomedh (AI/ML Club)

- Led end-to-end branding, poster design, and visual identity for multiple technical events and workshops.
- Coordinated with core organizers to align visual communication with event objectives and audience engagement.
- Improved event visibility and participation through consistent and professional design standards.

Documentation Volunteer - ISOC Organization VNRVJiet

- Led the documentation team, overseeing planning, content creation, and structured reporting for technical and organizational activities.
- Standardized documentation formats to improve clarity, traceability, and long-term usability of reports.
- Collaborated with cross-functional teams to ensure accurate and timely documentation delivery.

Sponsorship Committee Member — VJ MUN 2025

- Spearheaded sponsorship outreach by contacting 100+ companies via emails, calls, and follow-ups to secure partnerships.
- Assisted in drafting sponsorship proposals and coordinating negotiations with potential sponsors.
- Worked closely with finance and organizing teams to align sponsor requirements with event goals.
- Strengthened professional communication, negotiation, and stakeholder management skills.

STRENGTHS

- Leadership
- Public Speaking
- Adaptability
- Communication
- Problem -solving
- Analytical thinking

HOBBIES

- Exploring Tech
- Cooking
- Dance
- Reviewing Apps

DECLARATION

I hereby declare that the above information is true to the best of my knowledge and belief.

Place: Hyderabad

Date: 24-02-2026
